Growth in manufacturing boosts tooling industry in India

In India, manufacturing production accounts for 75.5% of industrial output and around 18% of GDP as on September of 2019. In the long-term, the India Manufacturing Production is projected to trend around 5.60% in 2020.

Manufacturing has emerged as one of the high growth sectors in India. "Make in India" campaign by Shri Narendra Modi, Prime Minister of India is set to place India on the world map as a manufacturing hub and give global recognition to the Indian economy.

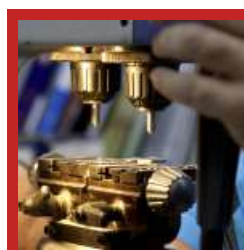

High growth sectors such as Aviation, Heavy Engineering, Automobile/ Auto Service, Gardening / Horticulture, Woodworking & Furniture, Construction / Infrastructure impact the growth in manufacturing across the region.

Our focus segments

Hand tools

The hand tool market is estimated to cross \$200 Mn in India and is growing at an exponential rate of 12% every year. India's foremost advantage is low labour, low cost and easy availability of raw materials.

Power tools

Global demand for power and hand tools will increase at a CAGR of 4.7% by 2025 to US\$ 67 billion. Demand for power tools will overtake hand tools and account for nearly 69% of overall revenues of the power and hand tools market by 2025.

Speciality tools

Special purpose machines market analyst says one of the major drivers for this market is policies providing impetus to the machine tools industry in India. In India, 100% foreign direct investment (FDI) is permitted to the machine tools industry.

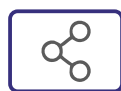

Fasteners

The fastener market in India experiences the international collaborations and growing preference for innovative products as its key trends in this market. New product revolution and innovative processing techniques are likely to open new opportunities for this market in India.

Why Exhibit

Position yourself in the market and generate unlimited business opportunities in a professionally designed and comfortable business environment. As an exhibitor or sponsor at Intertool Delhi, experience connect with the right buyers and learn key industry trends while staying ahead of your competition!

Engage with leaders and decision makers from across the sector

Generate fresh business leads

Understand the benefits of smart working and tailor your solutions to the needs of the sector

Conduct face-to-face meetings with a highly targeted and engaged audience

Demonstrate your products, services and solutions first-hand in a live environment

Lead the conversation & ensure your business is seen as a forerunner in smart working

Meet with existing customers and gain access to a new range of potential clients

ROI on your investment

Attendee Profile

Nature of Business

- Architects
- Builders
- Contractors
- Designers
- End-user companies
- Import / Export
- PSU (public Sector undertakings - companies are owned by the Union Government of India)
- Manufacturing / production
- Service providers
- Specifiers
- Trading / Distributor
- Others

Industry

- All Other Equipment Manufacturer
- Automobiles & Auto Components
- Building & construction
- Capital Goods
- chemicals
- Defence
- Electricals & Electronics
- Infrastructure Aerospace
- Logistics & Supply Chain
- Machine Tool Industry
- Mining & Earthmoving
- Oil & gas
- Plastics Processing
- Printing & Publishing
- Process Plant & Machinery
- R & D Organisation
- Service Industry
- Textile Industry
- Others

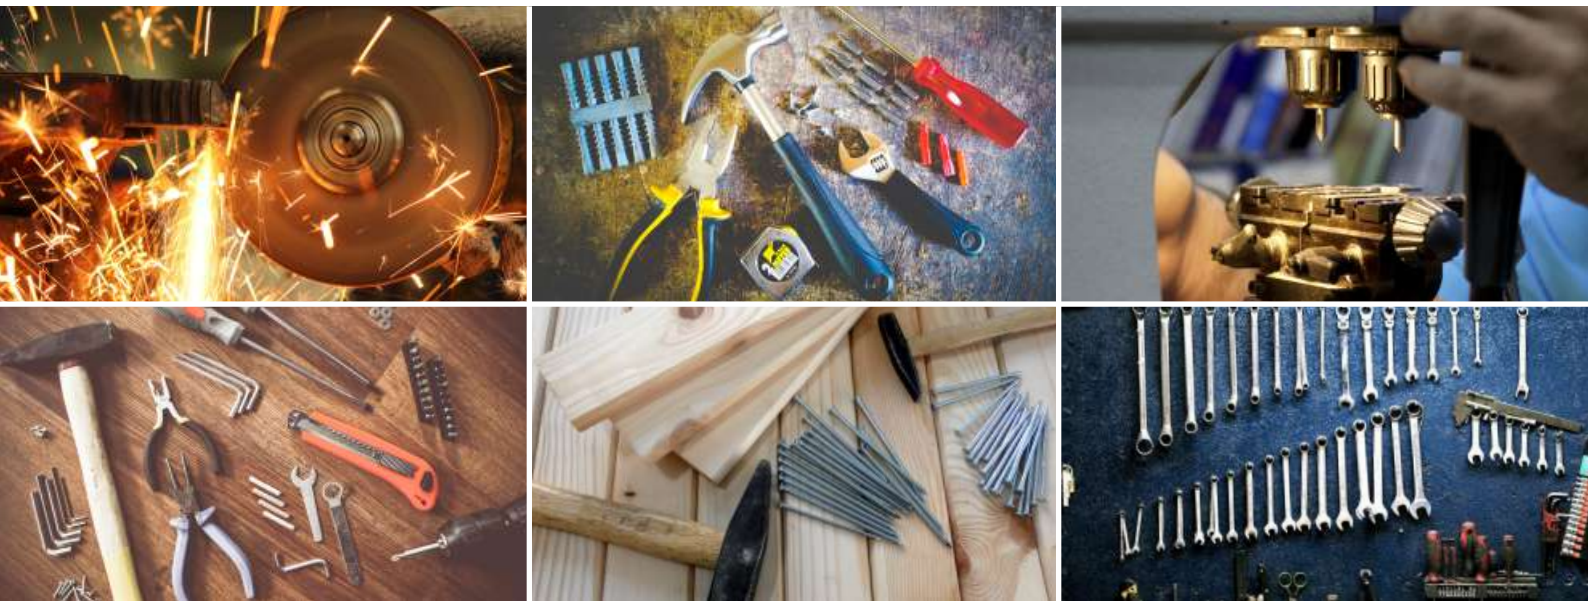

Exhibitor Profile

- Abrasives, Belts, Brushes, Grinding Wheels
- Angle Heads
- Assembly And Installation Systems
- Chucks, Clamps, Coating Systems, Collets
- Construction Fixings
- Cutting Tools
- Dies & Gauges
- Drilling Tools
- End-of-arm Tooling
- Fastener Manufacturing Technology
- Fixturing Systems
- Hand Tools
- Heavy Engineering Tools
- Hydraulic & Pneumatic Systems
- Industrial Dispensing Equipment
- Industrial Fasteners And Fixings
- Industrial Motorized Tools
- Lubricating Oils And Cutting Fluids For Machine Tools
- Marking & Stamping Equipment
- Measuring Instruments
- Metal Cutting Tools
- Metal Working Tools
- Molds & Positioners
- Power Tools
- Precision Tools
- Press Tools Sensors
- Punches And Dies
- Rotary Tables
- Saw Blades
- Separation Tools
- Spindle Systems & Steady Rests
- Storage, Distribution, Factory Equipment
- Threading Tools
- Tool And Bit Changers / Monitors
- Tool Presetters
- Toolholders & Adapters
- Vises And Vise Jaws
- Welding Equipment
