10-13 JULY 2020
PRAGATI MAIDAN, NEW DELHI

**Taking tooling industry to
new heights.**

Rise in infra structural projects and expansion of manufacturing industry to boost the tools market in India.

With growing automation requirements across different verticals, there is a rapid shift from hand tools towards power tools in India. Power tools offer certain key features such as durability, precision, better performance and time efficiency. India power tools market revenues are further driven by surging demand for these tools majorly across construction, industrial and automotive segments. Although, international brands are the key players in the market, however, locally manufactured products are preferred by price sensitive consumer segment such as DIY (do-it-yourself) and residential users.

India power tools market size is projected to grow at a CAGR of over 8.4% by 2024.*

The high and rise of tooling sector.

In India, the massive growth in construction sector, manufacturing sector, and e-commerce sector had majorly driven the market of power tools. Power tools have not only increased the efficiency but also have effectively speeded processes thereby saving time and energy.

Segments driving power tool market in India

- Electric power tools
- Pneumatic Power Tools
- Hydraulic Power Tools
- Powder Actuated Power Tools

Why Exhibit

Engage with leaders and decision makers from across the sector

Generate fresh business leads

Understand the benefits of smart working and tailor your solutions to the needs of the sector

Conduct face-to-face meetings with a highly targeted and engaged audience

Demonstrate your products, services and solutions first-hand in a live environment

Lead the conversation & ensure your business is seen as a forerunner in smart working

Meet with existing customers and gain access to a new range of potential clients

ROI on your investment

Attendee Profile

Nature of Business

- Manufacturing / Production
- Trading / Distributor
- Import / Export
- Service Providers
- Media
- PSU / Government
- Academia
- Others

Industry

- Automobiles & Auto Components
- Machine Tool Industry
- Electricals & Electronics
- All Other Equipment Manufacturer
- Capital Goods
- Plastics Processing
- Process Plant & Machinery
- Defence
- Service Industry
- Infrastructure Aerospace
- Printing & Publishing
- Mining & Earthmoving
- R & D Organisation
- Logistics & Supply Chain
- Textile Industry
- Others

Exhibitor Profile

- Abrasives, Belts, Brushes, Grinding Wheels
- Angle Heads
- Assembly And Installation Systems
- Chucks, Clamps, Coating Systems, Collets
- Construction Fixings
- Cutting Tools
- Dies & Gauges
- Drilling Tools
- End-of-arm Tooling
- Fastener Manufacturing Technology
- Fixturing Systems
- Hand Tools
- Heavy Engineering Tools
- Hydraulic & Pneumatic Systems
- Industrial Dispensing Equipment
- Industrial Fasteners And Fixings
- Industrial Motorized Tools
- Lubricating Oils And Cutting Fluids For Machine Tools
- Marking & Stamping Equipment
- Measuring Instruments
- Metal Cutting Tools
- Metal Working Tools
- Molds & Positioners
- Power Tools
- Precision Tools
- Press Tools Sensors
- Punches And Dies
- Rotary Tables
- Saw Blades
- Separation Tools
- Spindle Systems & Steady Rests
- Storage, Distribution, Factory Equipment
- Threading Tools
- Tool And Bit Changers / Monitors
- Tool Presetters
- Toolholders & Adapters
- Vises And Vise Jaws
- Welding Equipment

Designing the future together

The INTERTOOL is India's only platform for manufacturing technologies in the metal processing sectors. The focus is on interconnected manufacturing, research and development in manufacturing technology, and features systemic approaches, tool machine and precision tool innovation, and a clear positioning of the expo as a platform for the distribution of knowledge and content.

It is conceived as an industry gathering point for opinion-sharing and for networking. Participating at this show entitles you to four days of face-to-face conversation with specialists from within your industry, and facilitates expansion of your own contact network.

ABOUT REED TRIUNE EXHIBITIONS

Global leader Reed Exhibitions signs joint venture with leading Indian Exhibition organiser Triune Exhibitors Pvt. Ltd. India to form Reed Triune Exhibitions Pvt. Ltd. based in Bangalore. The JV enables trade across multiple industry verticals and provides the industry with platforms that bring together buyers and sellers from around the world, through a portfolio of exhibitions, content led conferences & seminars.
